Welcome to Our Company

Plex Bit Infosystems started in 2019 in Amsterdam, where our head office leads strategy and global partnerships. Our development center in Nepal showcases exceptional talent and creativity. We are a 360-degree software development company focused on solving client problems and driving business growth. With teams in the Netherlands, Nepal, and India, we bring together business expertise, technical skills, and industry insights. We offer innovative solutions in Web App Development, E-Commerce, Cloud Services, Blockchain, Graphic Design, Digital Marketing, QA, and AI Chatbot Development.

Our Work-Flow

01

Contract

As soon as you decide to start working with us, we will assign you a team of a project Manager, Sr. Developer, Sr. Designer, Sr. Quality Analysis, and an Account Manager.

03

Setup Project on PMS

Upon the initial Kick-Off meeting, we will set up the project management tool and invite you in order to track the progress of the project.

02

Project - Kick off

After the team is assigned, we start with the initial Kick-Off meeting discuss the project plan, and set up the required tools.

05

Project Delivery & Support

The final product is delivered on time, followed by post-delivery support, including training, maintenance, and updates.

04

Collaborative Tools

We use tools like Asana, Slack, Skype, Zoom, Google Meet, Trello, Jira, BaseCamp, and ClickUp for efficient communication and management.

We Provide Solutions

PLEX BIT
INFOSYSTEMS
YOUR CHALLENGE IS OUR PROGRESS

With a deep understanding of modern technology and expertise across diverse industries, Plex Bit Infosystems delivers comprehensive solutions for startups and businesses, including high-quality web, mobile, and AI/ML applications.
